## Prayers for Camp Meeting 2022

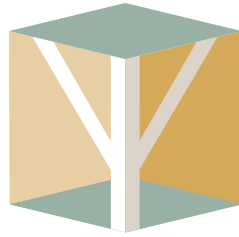

“Welcome to ISHC 2022.” This is my usual greeting on the first Thursday night of camp meeting. However, the Holy Spirit began to prepare our minds and hearts during the Day of Prayer this past May.

Prayer Day this year was special, as Trustee Joe Harris brought a moving message that included his own personal testimony. Many of us were reminded of our own spiritual experiences.

My prayer this year is for our evangelists who are at Indian Springs for the first time: Dr. Gary Bond, Rev. Bert Jones and Rev. Dave Smith. I pray that they will form a bond with each other and encourage one another as they offer their own special preaching.

Dr. Timothy Tennent and his wife, Julie, are this year’s Bible teachers. They will present the book of Psalms to us in new and exciting ways.

Our youth speakers are also first timers: Rachel Jenneman and Nathan Burdick. Please pray for them as God brings this new team together and that He will be glorified through Camp Meeting 2022.

## FOUNDATION TO THE FUTURE CAPITAL CAMPAIGN

Last year, the Board of Trustees announced *Foundation to the Future*, a capital campaign to provide funds for projects which will broaden Indian Springs’ spiritual impact and influence on our families, churches and communities. Resources from the campaign will help Indian Springs remain an enduring place of spiritual foundation and renewal for future generations. The capital campaign will go through 2024.

The master plan for *Foundation to the Future* includes renovation and expansion of the RV park, seed funding for the provision of affordable cottages, and development of a safe playground area for our children. In addition, we need to upgrade plumbing and sewer infrastructure. For a total project listing, see Page 2. The capital campaign will provide \$1 million toward all these plans.

**A GIFT OF GENEROSITY** We are pleased to affiliate with WPO Development, a national firm that provides mission-driven planning and campaign management services to the most prominent non-profit organizations in the country. In the fall of 2021, CEO Keith Waters and Executive Vice-President Terry Israel generously volunteered to provide us with campaign strategy, guide us in the development of marketing materials and assist in launching this visionary initiative.

During our 2022 camp meeting, you will hear opportunities to support the capital campaign and actively participate in providing a *Foundation to the Future*.

Capital Campaign!

## Explaining Our Campaign Logo

Summit Marketing in Lenexa, Kansas, worked with the Capital Campaign Committee to brand our theme, *Foundation to the Future*. After reviewing many photographs of our Main Tabernacle, the posts and trusses of historic camp meeting architecture were selected to represent our capital campaign in a stylized design.

The geometric objects associated with the logo are symbolic building blocks. **We can all become building blocks for Indian Springs!**

## Attention, Bell-Ringers!

Can you read music and play handbells? If so, meet in the Main Tabernacle after the 11 am service on Friday, July 15, 2022, to see if there is interest in practicing and playing bells during camp meeting. Questions? Contact Jane Copeland (404) 550-9293.

Dear Camp Meeting Family,

We are in the second year of our capital campaign for Indian Springs Camp Meeting that runs through 2024. This year at camp, the Board of Trustees will provide more in-depth details about the campaign projects listed at right. A campaign display is located in the Breezeway adjacent to the Bookstore. We invite you to stop by the display and learn about the ten projects that are involved.

Here's an idea for involving your family in the campaign. Take a walk around the campground as a family and look at the places the campaign will improve. Notice the foundations of the Tabernacle which are crumbling and need shoring up. Visit other places on the project list to see what repairs are needed and envision the future improvements and facilities.

Start a conversation with family and friends about those in the past who built and repaired our current camp meeting facilities

and the physical and financial sacrifices that were required. God has faithfully provided for the needs of Indian Springs Holiness Camp Meeting for many generations. Every acre, every building, and every worship center on our over 130-year-old campground has been funded by prior generations who were deeply committed to the message of heart holiness. Deuteronomy 6:11 states, "...we are drinking from wells we did not dig..."

Our prayer is for our children and grandchildren to become involved in giving to Indian Springs and to understand that each generation has much to gain and much to give to this wonderful ministry.

May God richly bless you at camp meeting and all through the year!

-Ron Houp, Capital Campaign Chairman

## CAPITAL CAMPAIGN PROJECTS:

# WHERE WILL YOUR DONATIONS GO?

### CAPITAL CAMPAIGN PROJECTS

Affordable Cottage Fund	\$200,000
RV Park Upgrade	\$100,000
New RV Park Bathhouse	\$70,000
New Playground	\$100,000
Youth Restrooms	\$50,000
Cafeteria Renovations	\$80,000
Tabernacle Repairs	\$75,000
Plumbing & Sewer Repairs	\$80,000
Retaining Walls & Backfill	\$70,000
New Property	\$175,000
<b>TOTAL</b>	<b>\$1,000,000</b>

## Main Tabernacle "Showing Its Age" 1

Winky Carlock, our caretaker, and various Trustees have been carefully watching changes in our 129-year-old Tabernacle. Excess water around the Tabernacle over the years has caused foundational, structural and drainage issues. The floor has become uneven in many places.

We sought the professional expertise of structural and civil engineers over the last year. They made these recommendations to prevent further water damage in the Tabernacle:

- Install a French drainage system to stop excessive water flow.
- Replace wooden columns as necessary; replace and/or level uneven flooring.
- Restore critical foundational points that support the roof structure.

The Main Tabernacle is the spiritual heart of Indian Springs. Countless lives have been blessed around its altars since 1893 when it was completed on the campground.

**MAIN TABERNACLE REPAIRS: \$75,000**

## Affordable Cottage Fund 2

To meet future growth at Indian Springs, we must have the ability to accommodate the demand for cottage ownership on our campground.

The Board of Trustees will develop a \$200,000 renewable loan fund that will help families build or purchase a cottage at Indian Springs.

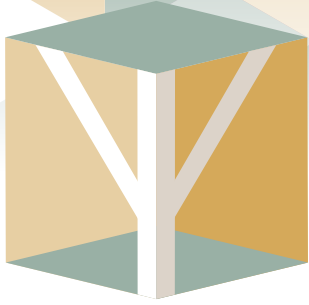

Scan for details after July 14, 2022.

**AFFORDABLE COTTAGE FUND: \$200,000**

# FOUNDATION TO THE FUTURE

## CAPITAL CAMPAIGN

Photograph below shows the condition of many of our pipes on the campground. The terra cotta pipe is disintegrating and has roots growing inside!

### 2022 Operations Budget Information

Annual Budget: approx. \$360,000  
Monthly Expenses: approx. \$30,000

Cottage Assessments of \$400 (plus water usage) are due June 30, 2022. Contact Rob Roy MacGregor at [rjmacgre@gmail.com](mailto:rjmacgre@gmail.com) if you have questions.

For your convenience, a self-addressed envelope is enclosed.

Donate online with a credit card through EMBER.

Kevin Thompson, P.O. Box 1742, Mableton, GA 30126  
[ishctreasurer@yahoo.com](mailto:ishctreasurer@yahoo.com)

As we come together for camp meeting, please prayerfully reflect on your personal giving opportunities for this year.

## Essential Infrastructure Improvements

### PLUMBING & SEWER SYSTEM REPAIRS: \$80,000

Campground leaders of past years built our plumbing and sewer system with picks and shovels. They did not have a master plan to follow. In spite of challenging budget restrictions and limited pipe materials during war years, a water and sewer system developed across the campground.

Now, decades later, Indian Springs has many challenges with our pipes and sewer lines:

- Pipes are inconsistent materials and sizes throughout the campground; many are broken.
- Plumbing line locations are often unknown or inaccessible, and may be under roads or buildings.
- Plumbing problems are costly and disruptive to the campground. Blockages and overflows typically occur when the system goes online and the most people are around!

The Board is currently developing a master plan that covers existing facilities and future growth of cottages. The plan includes replacing many water and sewer lines. Campaign funds for infrastructure needs will enable us to avoid service disruptions and repairs that are time-consuming and expensive.

## A Time and Place to Play!

An exciting capital campaign project is a playground that will enrich children's imaginative play right here on the campground. The safe and creative equipment will be supplied by a nationally renowned developer of play and recreation equipment. The location will be between the present Nursery and the Folds Nursery, and spans approximately 45' x 60'.

Playground features include a resilient rubber flooring and a secure lockable fence. Benches will be placed on the edge of the perimeter where parents, grandparents and friends can comfortably engage and watch the children play.

Danae Gambill, who helped the Capital Campaign Committee research the equipment said, "The playground will be a place where generations can connect. The durability of the new equipment will also ensure that we can use this playground for years to come!"

### PLAYGROUND: \$100,000

## Changes without Change in the Tweens & Glenn

The Tweens and Glenn Tabernacle have long been points of strength for Indian Springs Holiness Camp Meeting. This summer will see changes in the leadership of both ministries. The new leaders each have deep roots of ministry experience in the respective programs.

**At the Glenn Tabernacle:** Isaiah Friedeman will lead the children's ministry which has a missional focus this year. He says, "I want the children to understand they can be used by Jesus to effect change in the world now. Ministry service is for all, not just the grown-ups."

Isaiah has worked in the children's ministry for four years. He is a rising senior at Asbury University, majoring in Biblical Theology.

**At the Tweens Tabernacle:** Alex and Miranda Votary have worked in the Tweens Tabernacle for six years and are knowledgeable in this dynamic ministry. The Tweens program this year will emphasize how we are to live through Christ in our everyday lives. Alex is a rising senior at Toccoa Falls College, studying Ministry Leadership. Miranda is a team leader at Chick-fil-A.

## 2021 BOARD OF TRUSTEES

### Officers (Executive Committee)

President	Mr. Steve Luce
Vice-President	Mrs. Joy Griffin
Secretary	Dr. Ken Banter
Treasurer	Mr. Kevin Thompson

### TRUSTEES

Cricket Albertson	Ron Houp
Charlie Artmann	Jack Howell
Dr. Marcus Butler	Dr. Hiram Johnson
Laurence Coppedge	Dr. Ben Lane
David Crouse, Jr.	Rob Roy MacGregor

## Connecting with the Women of Indian Springs

The Ladies' Fellowship Spring Retreat was held April 29–May 1, 2022, on the campground. Over 130 women came from 12 states. Attendees agreed that kitchen table conversations in the campground cottages were highlights of the weekend.

*"We had great fellowship and prayer time!"*

*"I met new people and renewed old friendships!"*

*"Our conversations helped me work through some serious spiritual issues..."*

Shawna Lankford (shown above) from Milton, Florida, shared her thoughts: "It was rejuvenating to spend intentional time digging deep in the Word with wise, like-minded women of God. There was such a peace and evident presence of the Holy Spirit at the retreat."

Ladies' Fellowship inspires deeper relationships with God and each other. All women are invited to learn more about the activities and ministry of Ladies' Fellowship this summer during 2022 camp meeting,

**Ladies' Fellowship Annual Luncheon—Monday, July 18, 2022**  
Macedonia Baptist Church, Flovilla, GA

## A Work in Process

In the fall of 2021, Mark Crouse and his father Gil Crouse, Jr., took on the ambitious renovation of a family cottage on the campground. The project started as a simple addition to the original 500 square foot cottage. Sadly, the old structure had to be torn down to make way for the second story addition and more bedrooms.

Mark began coming to Indian Springs in 2006. At the invitation of his grandparents, Janice and Gil Crouse, Sr., who owned the house, numerous family members also congregated at the cottage that summer. Mark later became wholeheartedly involved in the Tweens ministry and

their leadership program.

Mark and his dad reminisced about different branches of the family who came to camp meeting over the years. When all the bedrooms filled, people slept on the sofa and the living room floor. With new marriages occurring within the family and a new generation on the horizon, the Crouses decided to add on to the cottage.

Gil, Jr., remarked, "If we didn't build the addition, our traditions at camp meeting couldn't continue. We didn't want the crowded conditions to be a roadblock to our growing families being together."

## Kudos to Georgia Rural Water Association!

Recently, Indian Springs partnered with the Georgia Rural Water Association (GRWA) to repair and plan for future expansion of our plumbing and sewer system. Founded in the later 1970s and led by Jay Matthews and his father, Jimmy, GRWA is a non-profit organization that represents Georgia rural systems in regard to drinking water and wastewater needs.

For several years, the Board of Trustees has been studying the status and future needs of our plumbing and sewer system. Many of our water lines date back to the early days of the campground, and they are in need of repair. While the wastewater system is sufficient to handle current capacity, the infrastructure leading to it needs attention. Through relationships with Trustees Joe Harris and Matthew Gambill, GRWA was contacted for help.

To date, GRWA has identified several immediate repairs and have generously helped us fix them. One repair involved digging under State Hwy 42. GRWA and the Georgia Department of Transportation stepped in with their equipment to make the time-consuming repair. Now cottage holders across Hwy 42 have water restored to their cottages.

The Board of Trustees thanks Jay and Jimmy Matthews and the GRWA for their expertise. We are grateful to the former Bartow County Water Department Superintendent, Gene Camp, who also donated a considerable amount of time assisting GRWA and advising us on needed improvements. Indian Springs deeply appreciates the leadership and contribution of these gentlemen.

Thanks, Jeff Hanner,  
from GRWA!
